## Our History

Gondolier was founded in 1974 when Vasilios “Bill” Sioutis, a Greek entrepreneur who had recently immigrated to America, opened the first restaurant in Cleveland, Tennessee. From the very beginning, Bill envisioned Gondolier as a place where families could gather, share a meal, and enjoy a welcoming atmosphere built on comfort, quality, and freshness.

Recently, we said goodbye to our beloved founder. While Bill is no longer with us, his passion, work ethic, and dedication to hospitality continue to guide everything we do. His legacy lives on in every dish served and every guest welcomed through our doors.

Today, more than four decades later, the tradition continues through two generations of the Sioutis family. Bill’s sons, Dimitri and Alex, proudly carry forward their father’s vision, expanding the Gondolier family of restaurants and bringing our commitment to quality cuisine and exceptional service to thousands of loyal guests across more than 35 communities.

For over fifty years, we have continuously strived to grow, improve, and exceed expectations — always honoring the values upon which Gondolier was built.

We remain a unique presence in casual dining, offering more than 50 menu items beyond pizza. From fresh salads and oven-baked subs to pita wraps, Greek specialties, calzones, strombolis, Italian entrées, and white or red pizzas, our guests enjoy a wide variety of flavors — often returning multiple times each week.

At Gondolier, there is always something different, always something delicious, and always a seat at the table for you.
